864 prints of n°50 brush

Fondation CAB Saint-Paul-de-Vence, Saint-Paul-de-Vence, France
wednesday 22 march 2023 - sunday 29 october 2023

The 864 No. 50 brush prints applied at regular intervals of 30cm that will be presented at the Fondation CAB Saint-Paul-de-Vence from 22 March 2023 are a tribute to the work/painting of Niele Toroni whose pictorial protocol remains unchanged since 1965.

Each of his prints is unique (the 864 prints in the exhibition are all different). The aim of this exhibition is to show the diversity of the visual proposals of the painter, which are not confined to canvas or paper, but which can be proposed on the most varied media (glass, wood, waxed canvas, object, fabrics, etc.) The works presented come from French and Belgian collections. The collectors closest to Niele Toroni lent their works for this exhibition of historical pieces that allow to put in original perspective the approach of a painter whose radicality is exemplary.
